PROFILE

Passionate and determined fresher web developer with expertise in HTML, CSS, JavaScript, **React.js**, Tailwind CSS, Bootstrap, and REST API integration. Proficient in creating visually appealing, responsive websites ensuring cross-browser compatibility. Committed to continuous learning, problem-solving, and delivering high-quality code. Eager to collaborate with dynamic teams, contribute to innovative, user-centric web solutions, and establish a successful career in web development.

WORK EXPERIENCE

Front-End Web Development Intern

Mind Space (6 Month) 8 Sept 2023

- Frontend Developer at Mindspace, adept in HTML, CSS, JavaScript, ReactJs, and Tailwind. Specialized in collaborating on a project to create an online session booking website for a psychology-oriented platform.

My-Project

1. Temple Donation Web App

- In this app, I used React.js, Tailwind CSS, ASP.NET API as Backend. This is a Fully Responsive Web App with beautiful animation.

2. My-Portfolio

- Interactive portfolio: HTML, CSS for structure and style, Bootstrap for responsiveness, JavaScript and jQuery for dynamic elements
